Sir:

REQUEST FOR CORRECTED FILING RECEIPT

The undersigned respectfully requests the issuance of a Corrected Filing Receipt correcting the filing date from July 8, 2004 to September 17, 2003, the date the captioned patent application was filed and correcting the number of drawings from thirteen to eight.

A Filing Receipt and Notice to File Missing Parts of Nonprovisional Application were mailed December 10, 2003 indicating the filing date of September 17, 2003 for the patent application. The Notice to File Missing Parts of Nonprovisional Application indicated that an oath or declaration was required

but no mention was made of formal drawings. A response to this notice was filed on February 10, 2004, within the two month time to respond to the notice.

On March 5, 2004 another Filing Receipt and Notice to File Corrected Application Papers were mailed indicating a filing date of September 17, 2003. The Notice to File Corrected Application Papers required the submission of formal drawings. Formal drawings were filed on May 28, 2004 along with a Petition for Extension of Time requesting a one month extension to respond to the notice. A copy of the formal drawings and postcard submitted is attached.

On June 15, 2004 a Notice of Incomplete Reply was mailed, again indicating a filing date of September 17, 2003. A Preliminary Amendment to Patent Application was filed on July 6, 2004 in response to the Notice of Incomplete Reply. The specification was amended to reflect the new figure set but no new figures were submitted. The original application contained thirteen figures but was amended to contain the eight figures submitted on May 28, 2004.

The Notice of Incomplete Reply indicated that the figures were not electronically reproducible but applicant contends that the figures submitted are electronically reproducible and that the notice was in error. Applicant contends that the error the notice intended to seek correction for was the discrepancy in the number of figures submitted which was corrected in the preliminary amendment.

An Updated Filing Receipt was mailed on July 26, 2004, indicating a filing date of July 8, 2004. Applicant contends that it has timely submitted all required

elements of its patent application and should receive the original filing date of September 17, 2003.

Therefore, applicant respectfully requests a Corrected Filing Receipt indicating the original September 17, 2003 filing date and a total of eight drawings.
